Enregistrées pour la première fois, ces sonates en trio manuscrites reflètent la fantaisie et l'inventivité toutes baroques de Torelli. Elles présentent une facette peu connue de l'œuvre du maître de Bologne, qui apparaît de plus en plus comme un précurseur ayant joué un rôle prépondérant dans l'essor de la musique instrumentale.

*Recorded for the first time, these manuscript trio sonatas reflect Torelli's baroque fantasy and inventiveness. They present a little-known facet of the work of the Bolognese master, who is increasingly recognized as a precursor who played a leading role in the development of instrumental music.*
